ABSTRACT

In today's hectic society the need of organisations that have a sustainable development growth is paramount. Climate change, pollution and deforestation are the biggest threats for humanity and the future of life.

Our project design is implementing advance technological digital solutions that have the potential to disrupt the vicious circle of environmental crimes and environmental damage by using the efficiency of community engagement and decentralized finance.

“The polar ice caps are shrinking and the desert areas are increasing. At night, the Earth is no longer dark, but large areas are lit up. All of this is evidence that human exploitation of the planet is reaching a critical limit”

—STEPHEN HAWKING

BKING DEFI MISSION

ENVIRONMENTAL CLEANING

Rivers and forest
plastic cleanups

REFORESTATION

As CO2 offset is at record
level the need of
immediate action can no
longer be postponed

WILDLIFE PROTECTION

Protecting wildlife and
preserving habitats

0x071f3A63549af1B82466ACE48FA742D7E8aD6eDf

BKING DEFI OBJECTIVES

WASTE RECYCLING

Transforming waste into usable material

AERIAL REFORESTATION

Our efforts are backed up by a partnership with [DRONECORIA](#)

WILDLIFE PRESERVATION

Wildlife population geo mapping dataset gathering

CHARITY EVENTS

Raise charity capital from the ecosystem transaction taxes.

ENVIRONMENTAL EDUCATION

Organizing online and offline venues to raise awareness.

DECENTRALIZED FINANCING

Transforming backers capital into active impact assets.

BKING DEFI (BKING) TOKENOMICS

PRESALE

Sc / Hc: 100 BNB / 200 BNB

Distribution:

50% tokens to presale, 50% tokens to LP

Presale BNB to LP: 90%

Fees:

1st week:

12% bnb rewards + 6% marketing + 2% LP = 20% total

after 1st week:

8% bnb rewards + 5% marketing + 2% LP = 15% total

REWARDS

Rewards are triggered automatically when:

- ✓ 1H passed since last reward
- ✓ There are enough tokens for rewards (0.002%)

Presale benefits:

- 👍 fixed price
- 👍 0% fee

Why not sell at launch?

- 👎 20% fee
- 👎 lose dividends and rewards

CONSEQUENCES OF CLIMATE CHANGE

Climate change has been pointed out so many times on so many occasions. It is clear by now that the only way in reversing the destruction trend, is by civil involvement.
